

## Purpose

Support Science,  
Technology, Engineering,  
and Math education at UC  
Merced

## Mission Statement

The STEM Resource Center is dedicated to building a learning community and enhancing social and academic experiences for UC Merced undergraduates pursuing degrees in science, engineering, and math. We meet our students on an individual basis, guide them to flourish in their intellectual endeavors and assist them to acknowledge personal responsibility for their own success. We support our students in finding research and internship opportunities and building lifelong skills needed for advancement and leadership in STEM careers.

## Student Services

- Peer Tutoring/Mentoring for lower and upper division math, science and engineering classes
- One-on-one academic counseling with peer mentors and STEM Center Coordinator
- One-on-one counseling with STEM Center Coordinator on topics related to on and off campus research opportunities, scholarship and internship programs
- Support for UC Merced's engineering and science student organizations on campus and outreach events

## Ways to Join Us

- To use the STEM Center: visit AOA 114
- To schedule an individual appointment : e-mail Dr. Gueorguieva at [pgueorguieva@ucmerced.edu](mailto:pgueorguieva@ucmerced.edu)
- To apply for a tutor position: Fill in the Interest Form found at: <http://stemresourcecenter.ucmerced.edu/node/9> and e-mail it to Dr. Gueorguieva

### Center Location

AOA 114
